LOTS OF ACTIVITIES FOR CHILDREN AND YOUNG PEOPLE

31ST AUGUST AT REGENT GARDENS

We are delighted to welcome Clanadonia making their debut at this year's Canal Festival – with their blend of tribal, tartan clad mayhem – a Drums and Pipes band with a difference.

This is music to make spirits soar - combining energy, passion, culture and history within their rousing performances.

The Dojo Drummers performance is energetic, colourful and a highly choreographed spectacle of powerful rhythms and explosive energy, performed in full costume. Taiko drumming is a visual and dynamic art-form, and has become hugely popular across the world. The Dojo Drummers perform a varied repertoire, from traditional pieces to modern compositions, ranging from precise and fast rhythms, to powerful evocative beats. The exhilarating rhythms on the taiko drums are accompanied by a variety of percussion, and complemented by exciting martial choreography.
